Summary of the Development Application Review Process

The procedures, requirements and time frames for each step in the development application review process may be found in the Hampshire Subdivision Ordinance and the Hampshire Zoning Ordinance.

APPLICATION REVIEW

Each development application will be reviewed by the Village, its officials and consultants. This review is meant to identify issues and concerns pertaining to the development application that should be addressed by the Petitioner’s subsequent submittals.

All applications for any subdivision creating two or more lots, and for any special use permit, will be subject to such review.

After it has been determined that your application is complete, you will receive notification of meeting dates for review of the application by the Plan Commission, Zoning Board of Appeals, and Village Board, as required. If a public hearing is required in connection with the application, the Village will publish the notice (at the Petitioner’s cost), provided the application is complete.

You are responsible to reimburse the Village for all fees incurred for time devoted by Village consultants to review of your application. You will be required to establish a draw account with the Village Finance Director, with an escrow deposit, upon the filing of your application, and in accordance with then-current Village policy and escrow deposit schedule regarding same.

The Village and its consultants are concerned with obtaining compliance with all the Village’s regulations and requirements, and with identifying ways to achieve or improve upon the Village’s development goals and objectives. The consultants have no authority to vary the requirements of the Subdivision Ordinance or Zoning Ordinance.

PLAN COMMISSION REVIEW

The Plan Commission is responsible for interpreting the Village’s development goals and objectives and making recommendations to the Village Board concerning land use and land development. The Plan Commission relies upon the information provided by the applicant, input from the Village consultants, and (in appropriate cases) the input of the public in making its recommendation on each development application. It is the applicant’s responsibility to demonstrate that the criteria for approving or granting the requested application have been satisfied.

ZONING REVIEW

The Zoning Board of Appeals is responsible to review and make recommendations regarding petitions to amend the zoning regulations, or to change the zoning classification of any land in the Village. The Zoning Board of Appeals relies upon the information provided by the applicant, input from Village consultants, and (in appropriate cases) the input of the public in making its recommendations. It
is the applicant’s responsibility to demonstrate that the criteria for approving a change in the regulations, or a change in the classification of any particular parcel, are met.

**VILLAGE BOARD REVIEW**

The final decision for each development application rests with the Village Board. The Village Board may accept, reject or modify the Plan Commission / Zoning Board recommendation. The Village Board’s action is final.
