Many suggestions were made to the writers about the opening page and the Economic Development pages for the web-site. Both Denise and Jeanie took copious notes and will produce copy for the committee to review. Denise has taken the opening page and Jeanie will do the economic development page.

Trustee Reid reported that getting the rest of the web-site is taking considerably more time than he anticipated with the calendar and FOIA issues being a CMS system. Lynn Acker volunteered to assist Trustee Reid to expedite completion.

Trustee Brust reported that Trustee Whaley has volunteered his access to the "Survey Monkey" and that Trustee Reid would work with Bonnie Hansen to assemble the e-mail addresses.

The bullet points for the web project plan are still being worked on.

Trustee Brust reported that Mr. Burklow said that the hardware issue is still alive but at Schmidt Dr. instead of the strip mall

There was no strategy discussion

Motion to adjourn Trustee Reid, 2nd Trustee Kraus, all AYES

The meeting adjourned at 6:50 PM
