

**Village Services Committee**  
**Meeting Minutes**

September 25, 2019

5:00 PM CST

I. Call to Order

II. Establish Quorum

A. *Present was Aaron Kelly, Toby Koth, and Eric Robinson*

III. Citizen Comments

A. *No Citizen Comments*

IV. Discussions and Recommendations regarding Waste Management Recycling Program

A. *The committee discussed the current situation of non-recyclable items in the residents recycling. Waste Management presented that the average rate for a municipality is approximately 25% and that Hampshire was much higher. They proposed an education program, Recycle Often Recycle Right, that has had success in Elgin where we educate residents on proper recycling in phase 1, then phase 2 would be a tag and take where bins with non-recyclable items with a red tag and still take the contents, and then phase 3 where there would be a tag applied and the bin would not be taken.*

V. Discussions and Recommendations on Cell Tower Site located in Lakewood Crossings

A. *A proposal to expand the cell tower site located in the Lakewood Subdivision by Dolan Reality was discussed. The proposal was to allow the ability to add another provider to the current tower with additional base stations.*

B. *There were concerns raised on the ability for a crane used by the water department on site to make a turn needed with the additional stations to be added.*

VI. Old Business

VII. New Business 8. Announcements

VIII. Adjournment
