District 300 pulled police officer from traffic detail at middle school leaving the children to fend for themselves. After long discussion and problem solving the following recommendations to the village board were made:

As per Chief of Police Brian Thompson's recommendations, that the Police will send a letter to the residents of Edgewood, that new signs and new no parking and entrance and exit signs will be installed due to the District 300 pulling the police/safety officer and the signage will be in conjunction through the police department and the Superintendent Dave Starrett of public works. Due to the safety of the children the committee further recommends that this District 300 decision be posted on all available social media sites to let the residents know of this District 300 impactful decision for the safety of the kids. Further the committee recommends that District 300 pays for the signage as it's their school, and by forcing the village to do something on behalf of the children it's a cost that District 300 should incur not the village. Further a posting on the available public sites about pushing snow that blocks the sidewalks the kids use for school is prohibited and also as a reminder.

Other business: President Jeff Magnusson told the committee that trustee Mike Reid is no longer on the Public Safety committee and will be replaced by Trustee Eric Robinson.

With all business discussed a motion to adjourn was made by Christine Klein 2<sup>nd</sup> Toby Koth M/C

Respectfully submitted
