FOR: Village Board Meeting on August 15, 2024

RE: Resolution Adopting Civility Pledge

Background: The Illinois Municipal League (IML) has drafted a Civility Pledge for local governments to adopt. The IML drafted the Civility Pledge which "aims to ensure that the communication between local elected and appointed officials remains, open, honest and transparent in order to cultivate trust and build relationship."

The Civility Pledge reads:

"In the interest of civility, I pledge to promote civility by listening, being respectful of others, acknowledging that we are all striving to support and improve our community and understanding that we each may have different ideas for achieving that objective."

Recommendation: For the Village Board to approve the Resolution Adopting the Civility Pledge.

BY ILLINOIS MUNICIPAL LEAGUE PUBLIC AFFAIRS STAFF

CIVILITY PLEDGE

For decades, politics and government at all levels have experienced their fair share of division, and we have witnessed individuals on opposite ends of the political spectrum disagree with or dislike individuals on the other side. We have observed the discord and conflict among state and local officials during meetings, and we have seen a rising number of physical encounters erupting across the nation.

With political divisions deepening, there are growing calls for more civility. Therefore, the conversation must shift to how we begin to turn around this trend that often ends in hostility. The Illinois Municipal League (IML) is taking a first step by providing all 1,295 cities, villages and towns with an opportunity to usher in an era of political civility.

IML is proud to introduce a Civility Pledge, which can assist local officials as they focus on bettering their communities. IML encourages all elected and appointed officials to sign the Civility Pledge. The pledge has four parts that explain how individuals can work together to do what is best for the municipality.

The first and second parts of the pledge are listening to and respecting others. Listening is a great communication tool that

allows others to know that you respect their viewpoints, even if you don't agree with them. While you might not agree with their thoughts, it is appropriate to practice civility towards those individuals.

The third and fourth parts are remembering that everyone involved is held equally responsible and accountable for improving their community and developing different ideas that will accomplish that task. Elected and appointed officials are encouraged to foster and build relationships with each other while finding solutions for the betterment of their municipality.

Everyone is on the same team, even with differing political opinions, striving to accomplish the broad objective of making a community better. This pledge is meant to ensure that communication remains open, honest and transparent. It aims to cultivate trust through building positive and productive relationships.

President Abraham Lincoln closed his first Inaugural Address by saying, "We are not enemies, but friends. We must not be enemies. Though passion may have strained, it must not break our bonds of affection." Those words still ring true today, and now is the time for local officials in communities across Illinois to lead the charge in promoting and improving civility.

BY THE NUMBERS:

63%

of voters believe that the decreasing amount of respect and civility in our political systems is an extremely or very serious threat to democracy.

21%

of voters said political division is one of the most important issues facing the country.

2022 polls from the Georgetown Institute of Politics and Public Service.

SUGGESTED IDEAS FOR INCORPORATING THE CIVILITY PLEDGE:

- Have all elected and appointed officials individually sign the pledge.
- Have all members of the council or board sign the pledge together.
- Post the pledge at municipal buildings.
- State the pledge after the Pledge of Allegiance at public meetings.

More information and materials to help municipalities incorporate the civility pledge can be found at iml.org/civility.

Self Evaluation Services

The Illinois Municipal League (IML) provides self-evaluation services that allow officials in cities, villages and towns to meet in closed session to explore solutions to internal and external challenges.

The Illinois Open Meetings Act generally requires all meetings of municipalities to be open to the public. However, one of several exceptions allows the corporate authorities to meet in closed session for the subjects of "self-evaluation, practices and procedures or professional ethics, when meeting with a representative of a statewide association of which the public body is a member." 5 ILCS 120/2(c)(16)

IML staff is available to attend an authorized closed session discussion or meeting. The discussion may address internal communications and relationships, meeting and business processes, roles of members and staff, ethical rules and conflicts of

interests. A wide array of matters may be discussed and resolved using this process.

In addition to IML staff, in some circumstances, the municipality must retain a session facilitator that is capable of leading the meeting and assisting the participants in goal setting for that particular municipality. While IML may be able to assist in the preparation for the session, the selection of an appropriate facilitator is the municipality's responsibility and some discussions may need to be conducted in open session.

STEPS FOR SELF EVALUATION SERVICES:

DEVELOP A CONSENSUS

In order for the meeting to be successful, all members of the council or board must attend and participate. That commitment from the elected officials must be obtained in advance.

ENGAGE IML

IML staff will travel to your community on a pre-arranged date, subject to availability. The fee for this service is \$500, which includes handbooks and materials that will be provided to participants. The municipality may be expected to reimburse IML for additional direct travel and/or lodging expenses.

CHOOSE A FACILITATOR

Select a qualified facilitator to assist in goal setting. The need for the meeting may arise from any number of events or circumstances; the right facilitator can make all the difference. The municipality is responsible for all costs incurred by a facilitator, if needed.

If your municipality is a member of IML and is interested in more information about IML self evaluation services, please email inquiry@iml.org.

In the interest of civility, I pledge to promote civility by listening, being respectful of others, acknowledging that we are all striving to support and improve our community and understanding that we each may have different ideas for achieving that objective.
