

2026 ROAD PROGRAM

Dear Resident:

The Village of Hampshire has contracted with Builders Paving, LLC for the 2026 Road Program contract.

Starting soon, the Village will begin construction on the street adjacent to your residence. It is anticipated that the project will be substantially complete by the end of October. See the reverse side of this flyer for the project limits. Working hours will generally be 7:00 AM to 5:00 PM Monday through Friday (and Saturdays if necessary).

The project will consist of pavement milling, miscellaneous sidewalk and curb and gutter repair, new asphalt pavement, and landscape restoration.

Typical to projects of this nature, residents may experience the following during construction:

- Construction traffic and noise
- Minor traffic delays
- Temporary driveway closures

Through construction management, it is the Village's intention to minimize these impacts when feasible. The Village will communicate directly with residents regarding temporary driveway closures prior to occurrence. Additionally, the Village will coordinate and notify residents of any changes to garbage and/or mail service.

Please note that neither the Village nor the contractor will be responsible for damage to private utilities that are in the Village Right-of-Way, such as pet fences or irrigation lines. If these utilities are damaged, it will be the homeowner's responsibility to make repairs after the scheduled work is completed.

During construction, if you have any questions or concerns please contact:

- | | | | |
|-----------------|--------------|---------|---------------------------|
| • Mayra Ocampo | 331-321-0542 | EEI | On-Site Resident Engineer |
| • Dave Starrett | 847-683-2181 | Village | Streets Supervisor |

The contact information contained in this flyer should be used for construction related issues or questions during working hours and is not intended to replace the police emergency number (911) and non-emergency number (630-232-8400), which should still be utilized as appropriate.

Your cooperation and patience are greatly appreciated. Please remember to exercise additional caution when in the vicinity of the construction area.

(See reverse for project location map)
